Mrs. Lillie O'Reiler, who resides at Cl. South Twenty-fourth street. Comain, is still another whose deep sense of gratitude and deale to be another to there will not permit her to remain silent regarding the remarkable results she has obtained from the use of Tuniac. Mrs. O'Rilley is the wife of P. W. O'Rilley, manager for the Adams Express in South O'main, and their many friends will be glad to learn of her recovery.

To cannot flod words, said Mrs. O'Rilley, 'to express the gratitude i really feel for what Tuniac has done for ms. I had been almost an invalid for so long that I had about lest hopes of ever yesting well. My stomach was in such a bad condition that I could hardly eat any thing, and I suffered from indigestion and nervounces all the time. My feet were so affected with rheimatism, that I could hardly move my atma, and my back hard walk for a long time. I also had it in both elbows so bad that I dou'd hardly move my atma, and my back hard mo bad I could scarcely bend over. I was confined to the house nearly all the time and while I tried everything I could think of nothing seemed to de me any good.

That Taniac has releved me of all these troubles, tells the whole story of what a wonderful thing it has been for me. In fact, it has made me feel like a new wom. I don't have any more pains of any kind, and am feeling just fine. My appetite picked up almost as soon as I began taking I, and now it seems I just can't eat enough without making a plg of myself, and everything I can get thoue splendidly and my atrength has increased with me perfectly. ## The Hands That Really Make It Painless

The technique of the "touch" of your dentist is half of dentistry. It requires long experience and is not to be purchased in a cheap "company" dental concern of salaried students—learning the business.—If you will think a minute or an hour you cannot find a reason for any responsible dentist camouflaging under a "firm" or "company" name—a really responsible and registered dentist, I mean.—In no one art does experience and education count for so much as in dentistry. There are various schools and systems of dentistry. Every dentist, of course, thinks his system is the best. This is due to the teaching of chein dental colleges and tack of preliminary education in most cases. The "doctor" of dentistry is the chapest and shortest doctor's degree and attracts many cheap men. We presume the old style burber-dentist thought his system could not be improved upon, too.

proved upon, too.

—Try the New System Method once and you will no more go back to your old style dentist than you would exchange your "flivver" for the family horse. It is "new" dentistry. Teeth are replaced same day as taken out, bucked by a real guarantee.
